

IMPARIAMO AD AMARCI

From an inquiry made between the young people of various social classes on the sex and just on Biology and the psychology of the sexual experience, is born a series of question marks and because that they make to understand as still today the young people face the sexual problem of ignorance and in the confusion with guilt senses. In this film, dedicated above all to the young people, a sexual consultant dissipates fears and prejudgments that problems legacies to the sex often provoke. It remakes itself to the most recent relative scientific information the many aspects of the sexual experiences, he is taken advantage of a simple and accessible language to all. It faces arguments like: sex and society, sexual physiology, sexual process and control of the births.
